PROJECTS

- **Create a classification model for Amazon Alexa reviews.**

Create a classification model to predict the sentiment either (1 or 0) based on Amazon Alexa reviews. Alexa products like Alexa Echo, Echo dots, Alexa Firesticks etc. for learning how to train Machine for sentiment analysis.   **LINK**

- **Next-Gen. Authentication and Tracking Public Transport using Smart QR codes.**

The transportation industry has experienced significant advancements in recent years, necessitating the development of secure and efficient authentication systems**.** Traditional ticketing methods, such as paper tickets or magnetic stripe cards, have proven to be costly, inefficient, and prone to security concerns. To address these challenges, the use of smart QR codes in public transportation systems has emerged as a promising solution.

TRAINING

- SMARTKNOWER.

Seeking an internship opportunity at Smartknower to gain hands on Experience in machine learning projects and contribute to the orgainization success. Eager to apply my skill and academic knowledge while learning from industry professional

- BARCLAYES.

Barclaye's LifeSkills Programme, GTT Foundation.

CERTIFICATES

- Certification of C++ programming by Spoken Tutorial project, IIT Bombay.
- Certification of C programming by Spoken Tutorial project, IIT Bombay.
- Certification of Python by Cisco Networking Academy.
- Certification of NDG Linux Unhatched by Cisco Networking Academy.
- Google Cloud Fundamental for AWS Professional by Coursera.
- Software Testing Tutorial by Great Learning.

ACHIVEMENTS

- Participation Certificate of Learnathon Competition organized by ICT Academy.
- Winner of RC_RSCOE Premier League.

HOBBIES & INTEREST

- Playing Cricket, Chess,
- Singing, Trekking
